AGENDA

11 – 12 *Maine Forest Carbon Management Program - Discussion Draft*

The aim will be to identify program elements that have relatively broad support that could serve as a framework for a more detailed program development process to take place in the future.

- 12 – 1 *Discussion of updated consolidated strategies (see new draft)*
to confirm that they adequately capture the forestry-related priorities reflected in the subgroup's original strategies, along with modest additions as a result of Friday's conversation.
